LIVESTOCK DEPARTMENTS

General Information
Exhibition of Livestock in Minnesota
Requirements
Check NEW ENTRY times for each specie

All cattle, swine, sheep and goats need to be tagged with the official Minnesota 41 tags unless they are registered animals that are tattooed and the registration papers accompany the animal.

Pre-Registration:
All livestock entries must be PRE-REGISTERED with the department Superintendent and the Fair Office no later than one week prior to entry day.

General Requirements:
The National Code of Show Ring Ethics will be followed. Submission of entry indicates an agreement to abide by all conditions and rules listed within the document:
http://www3.extension.umn.edu/sites/default/files/download/IAFE-rules.pdf
Additional copies are available in the Beltrami Extension Office.

Livestock and poultry that exhibit symptoms of any infectious or communicable disease, including ringworm and warts, may not be exhibited. All animals must be examined by the official veterinarian on the day they are admitted to the exhibition and at least once daily during the exhibitions. All imported animals must be accompanied by a certificate of veterinary inspection and meet the Board's importation requirements. **SHEEP** and **GOATS**: All sheep and goats, including wethers, must be identified with official identification approved for use in the scrapie eradication program.

SWINE: Swine must be individually identified and must: (1) have had a negative official pseudorabies test conducted within 30 days prior to the opening date of the exhibition or (2) originate directly from a qualified pseudorabies-negative herd; or (3) originate directly form a Stage IV or V county or area. All 50 states are currently pseudorabies Stage V (Pseudorabies Free Status)

HORSES: All horses must be negative to an official test for Equine Infectious anemia (EIA) within 12 months prior to the opening date of the exhibition. A test is not required for suckling foals accompanying a negative dam.

POULTRY: Poultry, except waterfowl and pigeons, must be individually identified with a leg or wing band and accompanied by a form approved by the board to show compliance with one of the following: negative test for pullorum-typhoid disease conducted within 90 days prior to the opening date of the exhibition; originate directly from parent stock tested and found negative for pullorum-typhoid disease within the last 12 months. In addition, turkeys must be tested negative or originate directly from parent stock that is tested negative for Salmonella typhimurium, Mycoplasma gallesepticum, and Mycoplasma synoviae.

DOGS: Dogs over six months of age must be accompanied by a certificate of rabies vaccination issued by a licensed veterinarian.
